

Mission Statement

We will promote, advocate, and empower our members while working with our community to advance and protect public education and the interests of our membership.

TEA Goals 2017-2018

We will promote the interests of our membership by strengthening the relationships within the education community.

- By increasing inter-personal communication that fosters unity among TEA bargaining unit members.
- By encouraging the IB process at the site level.
- By maintaining strong relationships between Tustin Educators Association and the local and county Boards of Education

We will advocate for quality public education

- Through political action activities
- Through special committees that support public education and inclusivity.

We will empower our members with meaningful, member-driven engagement opportunities through TEA/CTA/NEA.

- By promoting social and professional networking opportunities for our members on the TEA/CTA/NEA levels.
- By providing resources for members.
